## Local sewerage bill approved

By WAYNE DUCOMB JR.  
The Mississippi House of Representative's Ways and Means Committee approved a bill Tuesday allowing the formation of a Waveland-Hancock County sewerage management commission.

This bill allows the county to form a sewerage commission separate from the Gulf Coast Regional Wastewater Authority. Hancock County's State Representative J. P. Compretta stated, "We wanted to give Waveland an alternative."

Compretta said Waveland's new sewerage facilities were built with the understanding that it would be adequate to assure the city would meet 1983 federal clean water standards.

"They've got a facility to do it on their own," Compretta added. Waveland Mayor John Longo has objected to the Wastewater Authority primarily due to a lack of control offered to local municipalities.

However, Mayor Longo and City Clerk Barbara Rappold were unavailable for comment Wednesday afternoon.

Hancock County Board of Supervisor's President A. A. (Dolph) Kellar said Wednesday afternoon, "I'm glad to hear they approved the sewerage treatment commission bill for our county."

"Our primary concern right now is getting adequate sewerage for Bay St. Louis, Waveland and Clermont Harbor," Kellar reported. "With a local sewerage commission it will cost a third less than if we went along with the Gulf Coast Authority. Our people will also have more control with a local commission," Kellar stated.

"This would be our cheapest and most feasible route than if we had been tied in with the Coast Authority because the cost for sewerage treatment for the three-county area would have been broken down on a per head basis," Kellar explained.

## Gumbo ambassadors fete Washingtonians

By EDGAR PEREZ  
Managing Editor

WASHINGTON, D.C. - Some 23 Hancock County 'Gumbo Ambassadors of Goodwill' late Wednesday afternoon were busy preparing to serve their specialty to more than 1,000 Washington dignitaries in the Longworth House Office building across the street from the Nation's Capitol.

All veterans of the Hancock County Gumbo Festival, the ambassadors set up shop in the Longworth cafeteria kitchen about 2:30 p.m. Wednesday assembling the wide variety of ingredients necessary for a mammoth gumbo party later in the day.

Some 1,000 government, military and business leaders from the Washington area were expected for the unique occasion slated to begin at 6 p.m.

Members of the Mississippi Society-

numbering about 300 former Magnolia Staters who now live and work in the Washington area were also expected to attend.

An additional contingent of Hancock County residents and state officials began arriving late Wednesday for the party.

Wednesday's affair, coordinated in Washington by Congressman Trent Lott's office, is the second time the Nacaise Crossing Gumbo Festival folks have treated Washingtonians to delights of their culinary genius.

The 'Gumbo Ambassadors' departed White Cypress at the crack of dawn Monday in two medium-sized RV campers, spent Monday night in Bristol, Tenn., and arrived at Skyline Inn Washington Headquarters about 2:30 p.m. Tuesday.

Tuesday evening and Wednesday morning were crammed with sight-seeing activities in the Capitol, just a few days removed from its Cherry Blossom Festival and still flushed with

## As King Neptune

## Rutherford to rule over Fishing Rodeo

J.D. (Big John) Rutherford Jr. of Bay St. Louis has been selected as King Neptune for the 1980 Mississippi Deep Sea Fishing Rodeo in Gulfport. "King Neptune" represents a senior Gulf Coast Area Citizen who personifies fishing and fishing industries along the Coast and also is designated as an outstanding citizen of the Coast area.

Rutherford having gained local, state and national recognition for his service to the youth, school, church, Senior Citizen, and Veterans organizations in addition to many community activities, which has earned him over 200 citations of Meritorious Service.

Besides catching fish, Rutherford on many occasions cooks fish for large

crowds, lending his talent for assistance to many public benefits.

Nominations are made each year by Coast Area Chamber of Commerce, and the Rodeo Board of Directors then selects an individual from these highly competitive nominations. Rutherford was nominated by Hancock County Chamber of Commerce.

Rutherford is preceded as King Neptune by five prior Hancock County Kings: Leo Seals Sr., Ed P. Ortle, Ed Arceneaux, Norton Haas Sr., and Sam Farve Jr.

Hancock County is doubly honored this year with the selection, by the Board, of Doctor J. D. Rutherford III to serve as "Surgeon Of The Fleet" during the Rodeo.

## Evaluation group sees HNC 'crowding problem'

By WAYNE DUCOMB JR.

Dr. Gordon Walker, visiting committee coordinator for a five-year interim evaluation of Hancock County schools, reported Tuesday afternoon the group will recommend either additional classrooms or another school to remedy 'crowding problems' at Hancock North Central.

An Interim Visiting Evaluation Committee representing the Southern Association of Colleges and Schools and the State of Mississippi completed a series of inspections of county schools Tuesday.

The committee is preparing its formal report to the county superintendent of education which should be completed in two weeks.

Walker, also assistant superintendent for instruction in the Harrison County School District, reported, "There is a shortage of adequate classroom space at HNC Elementary and high school. Special education classes are meeting in rooms not designed for that purpose, but the administrators are doing the best they can with the facilities available."

"The people of this county are going to have to get behind the school for some sort of bond issue. I think it is time for citizens to help their schools and children by getting the facilities necessary with a good school building program," Walker stated.

"We have been very impressed with the Hancock County School District, but we are concerned about facilities. There is an acute classroom shortage," Walker said.

"The proposed handicapped facility at North Central will help some," Walker added.

"The school district has made a lot of improvements since the state's evaluation last year and there are some further improvements underway now," the committee coordinator said.

"The committee was impressed with

the job the schools are doing and we saw a lot of good things happening. I would like to commend the school board for the good job they're doing," Walker stated.

"Hancock County's elementary schools are accredited by the Southern Association, which is the highest level of accreditation in the nation, but the high school is only accredited by the state because of overcrowding at the school," Walker said.

"This overcrowding is not due to more students, but is because the district has added so many more programs which need more space. There are portable rooms being used which are not designed for use as

classrooms," Walker reported.

Walker explained the purpose of the evaluation committee is to conduct a five-year interim review of the Hancock County School District as required by the state and the Southern Association.

"This is required for the school district to maintain accreditation," Walker added.

"We began our interim review around the end of January where we began writing self-studies for each of Hancock County's schools. We've monitored school programs in the preceding five years and we will present a plan for the next five years,"

## Diamondhead robbery under investigation

By ELLIS CUEVAS

Hancock County Sheriff Ronald A. (Ronnie) Peterson terms the Monday morning armed robbery of the Fairway Villa Motel in Diamondhead, as one of the 'largest' in Hancock County in recent years.

An intensive investigation is being conducted by Peterson and Investigators Delbert Seay and Alvin Ladner assisted by Waveland Investigators Robert (Pooche) Tardavoue and Sandra Henley into the robbery of an undetermined amount of money, according to the sheriff.

Other sources indicate the figure taken may be \$30,000 to \$40,000. Peterson reports cash, checks, 'personal' checks, and travelers checks were involved in the robbery.

"Our office received a call at 2:06 a.m. Monday from Mr. Woodrow Ladner, employee of Fairway Villa Motel, and president of the Hancock

County School Board, who reported he had been tied up and robbed. He said he had just gotten loose and needed a deputy right away," Peterson said.

"Deputies David Garcia and Clinton Dedaux responded to the call and upon arrival at the scene they talked to Mr. Ladner about everything which happened," Peterson continued.

"From what we can determine, Ladner relieved Ms. Laura McDonald at 11 p.m. She told him that she had received a telephone call around 10:30 p.m. and added that a man would be coming in early in the morning," the sheriff added.

Peterson allowed, "Security guards were at the motel at around 1:45 a.m. when they received a call from a person giving a resident's name and a 255 telephone number exchange reporting that there was a suspicious-looking vehicle by Diamondhead's airport. When the security guards left, Mr. Ladner said that he locked the door behind them."

Peterson said his office feels this call was used as a diversion by the robber.

The man knocked at the door he told Mr. Ladner that he was the person who made reservations a few hours before. Upon entering the office he pulled a blue steel automatic pistol and had Ladner lay on the floor and tied him up with some black tape. The robber asked if Ladner had a heart problem before tying him up. Then the robber went through the drawers and the cash box and removed the money and checks and left," Sheriff Peterson said.

Investigator Delbert Seay was called to the scene, and through the efforts of

## Hancock unemployment below state, U.S. rate

By WAYNE DUCOMB JR.

Hancock County's March unemployment rate dropped to 5.6 percent, an entire percentage point below the national average, according to current Mississippi State Employment Service figures.

The county's rate is also below March unemployment figures for Harrison County with 5.8 percent, a statewide figure of 6.4 percent and a national 6.6 percent figure.

March unemployment figures for Hancock County were the lowest during first quarter of 1980.

In January and February the county experienced a steady 6.5 percent unemployment rate.

Although the civilian labor force, based on place of residence, increased from 6,920 in February to 6,990 in March the number of unemployed also decreased from 450 persons in February to 390 people in March.

Based on place of work, Employment Service figures show the county's nonagricultural wage and salaried employees increasing from 7,620 in February to 7,670 in March.

The state's unemployment rate dropped to 6.4 percent in March a decrease of six-tenths percent compared to February's 7 percent jobless rate, according to Mississippi Employment Security Commission Executive Director Edgar C. Lloyd, Jr.

The 6.4 percent for the state was lower than the national rate of 6.6 for March. Employment service figures showed 64,600 unemployed and 940,500 employed out of a civilian labor force of 1,005,100.

The initial unemployment insurance claims totaled 13,566 for March.

The counties having the highest rate of unemployment were Jefferson with a rate of 17.4, Sharkey with a rate of 13.6 and Neshoba with a rate of 12.8.

Oktober, Lafayette, and Rankin had the lowest rate of unemployment. Oktober had a rate of 3.4, Lafayette had a rate of 3.0 and Rankin had an unemployment rate of 2.5.

Ten counties showed an increase in the unemployment rate for March while four remained the same.

Sixty-eight counties had decreases in the unemployment rate for February.

## Hancock students on board

The University of Southern Mississippi Office of High School and Junior College Relations announced its Gulf Coast membership on the USM Senior Board.

Senior Board is an honorary organization of high school seniors who function as representatives of USM in their local schools.

According to Margie Putnam, Senior Board coordinator, students from ten high schools along the coast are participating. The members will hold six

meetings with USM personnel during the year dealing with recruiting, social functions and other aspects of the University.

Area schools and Senior Board members are: Gulfport High School - Rachel Benefield, Alan Bertucci, and Tracy Ballard; Pascagoula High School - Elizabeth Hanshaw and Fred Seay; Long Beach, Debra Caldarelli and Colleen Tracy; St. Martin High School - Beverly Moore and Paula Schenayder; Our Lady of Victory High School -

Michael McGrith; D'Iberville High School - Judy Britt and Suzanne Batus; St. John H.S. - Jeff Villarreal, Michele Sykes and Lynn Holloway; Hancock North Central High School - Marlene Breaux and Joy Necaise; Harrison Central High School - Ron Walker, Barbara Jackson, Glenn Tamayo, Karela Elchorn, Jana Meyer, Natalie Fruges, Paul Rowe and Pascal Gill; Pass Christian H.S. - Joe Cole, Rachel Niolet, Lana Wimberly, Janet Marie Swannier, Dawn Sampson, Megan Sandifer, Earl Conway, Jr. and Marie Morgan.

### Correction

A report of the Hancock County School Board's April 26 meeting which appeared in Sunday's Echo concerning architect's fees for John Mykolyk should have read "the board paid Mykolyk \$4,000 for preparing plans for a proposed handicapped center to be constructed at the Hancock North Central

campus" instead of the Silver Creek School for the handicapped.

The story also reported the Silver Creek School is 65 percent complete, but should have read the drawings for the HNC Handicapped Center are 65 percent complete. The Echo apologizes for these errors.

## Bay police chief says:

# Mentally incapable transients a problem for law agencies

By WAYNE DUCOMB JR.

The Hancock County Mental Health Advisory Committee is asking the Gulf Coast Mental Health Center in Gulfport to investigate a means of dealing with mentally incapable transient people frequently found by local law enforcement agencies.

The committee's request followed a report at a recent quarterly advisory committee meeting where Bay St. Louis Police Chief Douglas Williams, a committee member, explained procedures for dealing with mentally incompetent individuals who wander into a city.

"This is a common problem to all law enforcement agencies on the Coast," Williams said.

"Many times law enforcement agencies will simply escort the individual to the city limits and put the responsibility for that person on the next town," Williams explained.

The Bay police chief said his department usually will place an incompetent transient in jail to provide food and try to locate relatives, a cost borne by city taxpayers.

"We just can't dump these people back on the street. We usually locate relatives or friends who assume responsibility for these people... we have to take them somewhere," Williams stated.

Dr. Kinsey Stewart, Mental Health Center executive director, reported, "When there was talk about a regional jail there was discussion about a hospital type section for mentally incompetent transients, but with the federal funding situation it is doubtful we will see this facility in the near future."

Lynn Shaw, advisory committee secretary-treasurer, said, "If the Adult Protective Services Law had been passed it would have provided for these people."

Anita Lamb, Hancock County's Mental Health Center commissioner, asked, "Could the Salvation Army help these people?"

Chief Williams said, "No, because they are not equipped to handle mentally incapable people."

"The Salvation Army and the Hancock County Emergency Relief Fund have no facilities or personnel to help these people. You need a jail type facility to restrict these people so they don't hurt themselves or others while we search for relatives," Williams added.

Regarding Hancock County's mental health services Dr. Catherine Lundy,

Mental Health Center coordinator, explained 13 areas of care available to county and South Mississippi residents.

"In Hancock County during February we had 142 active therapy cases. Some 29 percent were youth under 21 years of age, 63 percent were adults and eight percent were elderly patients," Dr. Lundy explained.

"We are planning several parent education groups in Hancock County in addition to our drug education program, consultations with special education program children in Bay St. Louis, assisting developmentally disabled children and adults at Hancock Industries, out-patient services, and family and child therapy," Dr. Lundy explained.

Dr. Stuart reported he expects the state legislature to approve a \$2 million budget for mental health services in

Mississippi for 16 mental health centers statewide.

Previously, Mississippi relied on federal funds to support its mental health centers.

"This year there are two goals for the state's mental health centers—to provide more community services and children's services," Dr. Stuart said.

"Hopefully, we will get \$150,000-\$200,000 for our Gulf Coast Center this year," the executive director stated.

Dr. Stuart commended Dr. Lundy and Mrs. Lamb for their work with the Mental Health Center.

The Mental Health Center is one of 14 agencies partially funded by the United Way of Hancock County.

## Roaming cattle bring complaints

By ELLIS CUEVAS

Reports of cattle running loose in outlying areas of Hancock County has prompted a warning from Hancock County Coroner Carl Banderet that a stock law is in effect and violators could be fined for allowing livestock to run free.

"I have received numerous reports of cattle running loose and destroying other people's property," Banderet

said Tuesday.

The coroner added, "There is a minimum fine of \$100 for letting cattle run loose, and owners of cattle should keep their animals under fence."

Banderet stated most of the reports of cattle running at large were received from outlying areas of Hancock County, particularly in the Pearllington area.

"Spring is the time many folks have gardens and a cow or horse can ruin a garden in a few minutes. We will enforce the law in this matter," Banderet commented.

Hancock County Sheriff Ronald A. Peterson reports his office receives many calls about livestock at large.

"We normally dispatch a deputy to check the animals and in most instances the owners do not even know their animals are out. When we are unable to locate the owner we contact Leslie Dedeaux, the assistant coroner, who locks the animals up," Peterson said.

Peterson said some of the animals roaming loose are owned by the same people and they are becoming repeating offenders.

Peterson added, "The owner of cattle running loose can be fined. We realize that many times a fence will break because of a fallen tree, but we will take a close look at repeated complaints."

**WHICH CLOSING COSTS DEDUCTIBLE?**

Expenses connected with the sale of real estate over and above the selling price are known as closing costs. Some of these are deductible from your income tax—others are not.

Property taxes are usually pro-rated so that both the buyer and seller each pay the taxes for the portion of the year that each owned the property. Each may deduct this amount and only this amount—even though one, or the other pays the entire amount.

Another deductible item that appears in closing costs, is interest charged to you on the mortgage up to the date of closing.

Non-deductible closing expenses are fire insurance, FHA mortgage insurance, and charges for rent for occupancy before closing.

MISSISSIPPI ETV'S "The Land Where the Blues Began," an hour-long documentary examining black folk culture around the state, will air nationwide on the Public Broadcasting Service (PBS) on May 4. Many viewers in this area may receive the broadcast over New Orleans ETV, Channel 12. The program premiered on the statewide Mississippi ETV Network on February 23, and will not air again in Mississippi until 7 p.m., Saturday, May 31. That broadcast may be received in this area on METV, Channel 19, Biloxi. "The Land Where the Blues Began," an hour-long television tour through Mississippi, explores the roots of the blues created by blacks through decades of struggle and difficulties in the South. The documentary, funded in part by a grant from the National Endowment for the Arts, examines black culture in the penitentiary field "hollers," lively, emotional church meetings and the special mirth of bar room poets. Produced by the Mississippi Center for Educational Television in cooperation with folklorist Alan Lomax of Columbia University, the program provides "a platform to the creators of this vital folk culture."

## Today is Loyalty Day!

The first of May is Loyalty Day and as such it is a day designed to involve the community in an overt display of loyalty to flag and country. Therefore, every loyal citizen should eagerly participate in the festivities in an effort to make this Loyalty Day the best observance ever held.

Loyalty Day has become a tradition with the Veterans of Foreign Wars. With the passage of Public Law 85-529 on July 18, 1958, the V.F.W. won a long hard battle to have Loyalty Day approved by Congress. However, this day does not belong to the V.F.W. alone, it belongs to all Americans.

Most Americans have heard the quote "Ask not what your country can do for you - ask what you can do for your country." This is a sound principle to live by in a country such as ours, where the government is elected by the people and where the public is expected to participate in the governing process.

In these times of global political turbulence, Americans should pause and ask themselves, "What have we done and what are we doing now to demonstrate to the world just how we feel about our country?" After all, ours is a country that has held high the beacon of liberty and asked nothing of the other nations except that they send to her, in the words of Emma Lazarus emblazoned on the Statue of Liberty, their "huddled masses yearning to breathe free." Ours is a country that has taken the abstract ideal of "Freedom and Justice for All" and made it into a way of life.

The 50 Americans who are hostages in Iran are a good example of the political turbulence we are suffering worldwide. Where has our loyalty to American gone, down the drain!

We must pledge ourselves to maintain a free society in which loyalty is always encouraged and respected. For, without loyalty the United States, the world's best hope for a future blest with freedom, cannot long survive. And, if we fail, the flame of freedom will diminish and fade forever. So, join in and become a part of the Loyalty Day Celebrations, let the world know that Americans are behind their country and that America because of this is still a strong vibrant nation.

## Bits-N-Pieces

By Ellis Cuevas

There is a group of ladies and gentlemen in our area who get very little recognition for a tremendous amount of community service rendered.

We are talking of course, about the many volunteer coaches, managers, announcers, and concession stand operators who are involved with our youth in various types of sports activities. The T-Ball, Minor League, Little League, and Babe Ruth League activities are some of the sports we are talking about.

These folks spend hours each week helping our youth become better citizens by teaching them sportsmanship.

We wish to express our gratitude to these many volunteers because we feel they do a tremendous service for our communities.

Giving the boys and girls of our communities something to do keeps them off the streets and out of trouble.

As you probably know, the Hancock County Youth Court is our next door neighbor. The youth who are involved in activities such as baseball and softball seldom have to visit the youth court.

While talking about the ball games in our area, we would like to mention something we have been noticing for many years.

There are very few parents in attendance at the games. You can visit one of the ball parks and you will see the faces of the same concerned parents everytime their children play, but they are only a handful.

We realize it is hardly possible for both parents to attend because of work, but it seems that each parent should be able to find time to see their son or daughter play a few games each season.

We hope an extra effort will be made on parents in trying to attend as many games as possible where their children are involved.

See you at the ball park.

This is the time of the season when all of our local fairs begin to roll.

The Annual St. Stanislaus Sideline Fair will be this weekend on the school grounds.

We hope as many of you as possible will drop in if you get a chance.

We understand there was a good attendance last Saturday at Christ Episcopal's Annual Spring Fair and would like to thank everyone for their attendance.

We have several fairs in the near future and will try and remind you of them.

It was good to see so many at the big celebration on the steps of the Hancock County Courthouse Tuesday.

We are glad and extend thanks to each of you for your participation.

It has been many years since there has been such a need for spiritual guidance for our political leaders, especially the ones in Washington, D.C.

We need to get our American citizens home, the ones who are hostages in Iran.

We should remember them in our prayers everyday.

THE REAL PROBLEM? A Bay St. Louis city worker adds a discarded bicycle from one of two truckloads of rubbish dredged from drainage canals in Spanish Acres subdivision Monday morning. Residents of the subdivision in Bay St. Louis complained of excessive street flooding during the recent heavy rains and have met with the city council seeking a solution to the drainage problem. Perhaps with the removal of the clutter, the flooding problems of the subdivision will not be as severe as before.

## Letters to the Editor

### Wagner explains Main

#### Street problems

April 29, 1980  
Editor  
Sea Coast Echo  
Bay St. Louis

Dear Sir:

The press has reported comments by Mayor Bennett on the emergency resurfacing of Main Street. Two Councilmen voted against this motion to declare Main Street an emergency-to accept \$15,000.00 from the Supervisors for repair and to employ Broadway & Seal as engineers.

Since the condition of Main Street is so bad and since it is such an important thoroughfare it might be worthwhile to explain some of the reasons there was opposition to the motion.

1. The condition of Main Street is not a result of the recent excessive rains. The reason is very poor drainage. There is no subsurface drainage for most of the third block and very little and ineffective drainage in the first and second block. The worst conditions are those where there is least drainage. What natural drainage there was has been made less effective over the years by cheap resurfacing jobs. Slopes were not controlled and effects of ponding were not considered. When potholes do occur they are not repaired effectively. All repairs seem to be done on a temporary basis but no permanent careful repairs are made in accordance with good roadway engineering practices.

2. Overlaying is not a solution to the problem-it will only aggravate the problem of drainage. If you will look carefully at Main Street you will see that in most places the surface of the street is within an inch or two of the top of the curb and in some places it is at or above the level of the sidewalk. At several business places an overlay may well bring street water into buildings. The elevation of the pavement on Main Street needs to be lowered-not raised.

3. The Mayor and Council are already committed to solving the Main Street problem in a permanent and proper manner. Brown Engineers has been engaged to carefully study the conditions of drainage, sidewalks, street width, parking, traffic control, roadways and curbs, etc. Brown's report, cost figures and recommendations were presented at the same meeting at which the overlay motion was considered. Because of the press of

other business this report was not considered at that time, but it should not be ignored. The Brown report is a good one.

4. The Supervisor's offer to lend financial assistance is a good one and is appreciated by the City of Bay St. Louis. It is hoped that all of the Supervisors might participate in this project as taxpayers in Beats 1 and 2 also use Main Street. The Brown report shows that proper solution to Main Street problems will be expensive, but that federal highway grants are available. These grants are 75 percent matching type grants which require 25 percent local funding. In other words, every dollar put up locally will be matched with three federal taxpayer dollars. It would seem prudent to ask the Supervisors to allow Bay Saint Louis to use the \$15,000.00 as match money-thereby producing \$60,000.00 worth of permanent construction efforts.

5. In this writer's opinion, the Supervisors should not have suggested that Bay Saint Louis engage the services of the county engineer to oversee the overlay work. The City has already retained Brown to advise its officials on Main Street problems. This matter is not a question of capability of different engineers, but rather a question of professional relationships between engineers and public bodies and between one engineer and another.

6. Is the situation an emergency? The law specifically requires that capital projects and certain other public expenditures be awarded on the basis of competitive bids based on carefully established criteria. The law also permits this time-consuming procedure to be circumvented in certain cases of real emergency. The Law also requires a unanimous vote in declaring an emergency so that there can be no question that a real emergency existed. If the pot holes in Main Street are patched with reasonable care, the street can be made quite usable until a decision can be made on the best way to solve a problem which has been developing for many years.

Sincerely,  
Fred Wagner  
Councilman, District Four

### Waveland resident's honesty appreciated

April 18, 1980

Sea Coast Echo  
Bay St. Louis

Dear Sir:

The days of kindness, honesty and good Americanism are not gone forever! For instance, Wednesday evening, April 16, a few minutes after 7:00 p.m., my friend Evelyn Williams, my German Shepherd Greta, and I drove into Waveland from Houston TX where we live.

A few yards after we turned off Central Avenue at Coleman Avenue, I let Greta out as she was "cutting up" and "raring" to show us she knew where we were going - to 314 Coleman Avenue.

She ran ahead and we followed behind. When we got to our apt., I realized my purse was missing. I hurried back to the place where we

let Greta out - but the purse was not to be found.

We reported the loss to the police station and went back to our apartment thinking that the purse would surely not be recovered, but thanks to God and Susan Smith, we were wrong.

Shortly after returning to our apartment a very nice looking Waveland policeman knocked at the door and asked that we go with him to the police station.

There was my purse and a smiling Susan Smith, who works at the Hancock County Welfare office.

She had come along shortly after Greta knocked it out of the back of the car when the dog jumped to the street to race ahead of us.

Thanks again, Susan Smith.

MISSISSIPPI ECONOMIC COUNCIL -  
THE STATE CHAMBER OF COMMERCE

**A CONTINUING THREAT**  
Business must remain competitive to hold its position in the marketplace, and many industrial firms find the South's and Mississippi's business climates particularly inviting. But the ability of some "Snowbelt" industries to move to the Sunbelt is being threatened.

According to the Ohio Chamber of Commerce, a bill is now pending in that state's legislature which would penalize plants with 100 or more employees for closure, relocation, or reduction in employment. The Ohio Chamber, as well as the Mississippi Economic Council, opposes any such measures which would hamstring a business' ability to make decisions based on economic realities - to remain competitive in the marketplace.

Perhaps the root of this problem goes deeper than localized economic fears. Perhaps the basis of the problem lies in a misunderstanding of our economic system - the American enterprise system. The 13 original colonies fought a war of independence because of taxation and regulation imposed by

England which restricted trade and commerce.

In our own state, the Mississippi Economic Council recognizes that American enterprise is a precious commodity and that there is no guarantee that it will continue to be free.

The Ohio legislation is another example of the "chains" being clamped on American enterprise that could one day make it a thing of the past.

This is why MEC, through its two programs - the M. B. Swayze Foundation and the American Enterprise Center - is working toward a better understanding and greater appreciation of our economic system.

### Bay man gets utility

Sea Coast Echo  
Bay St. Louis, MS 39520  
Dear Sir:

In response to your front page article on the Utility Rate increases of your April 10, 1980 editorial, I have attempted to determine just what the water rates are.

Enclosed is a letter sent to the Bay St. Louis Utilities System describing my efforts and Schedule 10 mentioned in the letter.

Your article on the utility rate increases is according to Schedule 10, less than accurate to say the least.

If you will perform a public service and inform the people exactly what the rates are and the proposed rates, I will take a years subscription to your paper.

Please check the rates they give you against various bills to determine the accuracy of the rates.

Thank you,  
Ian Dorian  
Bay St. Louis

April 18, 1980  
Utilities System  
City Hall  
Bay St. Louis, MS 39520

On Tuesday, April 15, 1980, Mrs. Dorion telephoned your office and requested the water rates. The lady at your office apparently did not know but said someone would return her call. The call was not returned.

On Wednesday, April 16, 1980, Mrs. Dorion visited your office and was given Schedule 10 for the utility rates. As you well know, the present rates are not reflected on this schedule.

On Thursday, April 17, 1980, Mrs. Dorion visited your office and spoke to Mr. Franklin. Mr. Franklin allegedly told Mrs. Dorion that there was a 17 percent surcharge on the existing rates. This still does not reflect the changes on my water bills.

Would you please be kind enough to tell me exactly how the water rates are determined and stop wasting everybody's time and energy?

Ian Dorian

### Bay Fire Department

#### commended for fast action

April 21, 1980  
Hon. Larry Bennett, Mayor  
City Hall  
Bay St. Louis, MS 39520

Dear Larry:

I am writing you because of the recent misfortune suffered by our family in the loss by fire of a portion of our home on Chantilly Terrace.

You were present and I am sure, noted the immediate response by the Fire Department of the City of Bay St. Louis which saved us from the loss of all of our home and furnishings.

On behalf of my family I wish to express through you as Mayor our

appreciation to Fire Chief Andrew Lizana and the entire Fire Department of the City for this wonderful work in protecting our lives and property in a time of most urgent need.

In further recognition of the Fire Department, I am pleased to enclose a small gift to be used toward the benefit of any program of the Fire Department.

In closing, you may be assured we shall always remember and appreciate the good work of the Fire Department at this time.

Sincerely,  
NICHOLAS M. HAAS

## Bay student's exhibit wins first place in state fair

Vickie Young, a 17-year-old Bay High Junior, recently won a first place ribbon in the chemistry division of the state science fair conducted in the Jefferson Davis Campus gym in Gulfport.

The Pearlinton native, daughter of Mr. and Mrs. T.C. Young, also won a number of regional science fair awards conducted at the University of Southern Mississippi in Hattiesburg.

Angela Davis of Hancock North Central won a third place ribbon in the regional event with a display in physics and engineering.

Young's exhibition was titled 'Derivation of cellulose fiber from Pueraria lobata (Kudzu) for processing

into paper.'

Featured in the exhibit was production of paper which does not yellow with age.

Last year Young was the only science fair entrant using Kudzu, but this year three other future scientists used the substance in their exhibits.

The other projects used Kudzu for making a cake and for producing alcohol and methane.

In regional competition, Young's project was judged first in Class V chemistry.

Young also received a number of special awards for her display, including the Air Force Award, the Army Special Award Medallion in Chemistry, and a second place award from the

International Wildlife Learning Center. Other area winners were include:

Class I Physics and Engineering; Second place-Kirk Kimball and Ricky Oustalet, St. Pauls; Fifth Place-Michael Wold and Robert Bishop, St. Pauls; honorable mention-Ann Allen, Jimmy Ladner and Jimmy Benigo, St. Pauls.

Class IV. Earth and Space; honorable mention-Rae Lynne Ladner, Pass Christian. Zoology; honorable mention-Darrell Hayden, Pass Christian.

Class V. Chemistry: Third Place-Earl Conway, Pass Christian. Engineering: Honorable Mention Kevin Valentine, Pass Christian.

## Bay resident youngest to receive USM masters

A 21-year-old Bay St. Louis man, voted 'Most Likely To Succeed' by his graduating Bay High Class of 1976, will become the youngest student in the history to graduate from the University of Southern Mississippi with a Masters degree.

Keith Scott Folse, son of Emile L. Folse Jr. of New Orleans and Mrs. Maureen Griffith of Waveland, will receive his Masters of Arts degree from USM with a 4.0 average May 8.

Folse received his bachelor of arts degree from USM in just two years and four months after high school graduation.

He is faculty member of the English Language Institute in Hattiesburg where he has been teaching English to foreign students.

His masters thesis, researched in

KEITH FOLSE

part during travels to Central America, deals with dialects in Spanish and is entitled 'An Atlas of Selected Lexical Variations as Evidenced in the Spanish Spoken in Honduras, Nicaragua, and El Salvador.'

Folse distinguished himself at Bay High with a number of academic and athletic honors, including Star Student, the French Medal, the American Legion Award, and the Most Valuable Player in tennis.

In his junior year he placed fifth in the National French Contest.

His work at the English Language Institute, where he plans to remain on the faculty after graduation, involves teaching basic English to non-English speaking students from the Middle East, Latin America, Viet-Nam, and the Peoples' Republic of China.

the bloom of spring. The Washington For Jesus Rally was concluding as the Gumbo Ambassadors arrived, and the city is still filled with visitors.

The Washington Gumbo Festival, in addition to being a Hancock County showcase event in Washington, serves as a 'pat-on-the-back' for those who have contributed to the success of their annual Necessaire Crossing event.

The ambassador group is headed by L. J. Breaux of White Cypress, who conceived the and pampered the Necessaire Crossing Gumbo Festival into the widely-acclaimed party weekend it has become.

Other Gumbo Ambassadors this year include Miss. Jeanette Breaux, Melvin Ladner, Festival Queen Marlene Breaux, Louis Breaux IV, Veronica Breaux, Sandra Moran and Loraine Necessaire.

Also, Viretta Ladner, Donna Ladner, Ann Cuevas, Carolyn Ring, Deanie Cuevas, Darryl Ladner, and Earl Ainsworth.

And, M. J. Necessaire, Lynell Ladner, C. J. Hoda, Kathy Ladner, Judy Ladner, Alezia Ladner, and Jeannie Spiers.

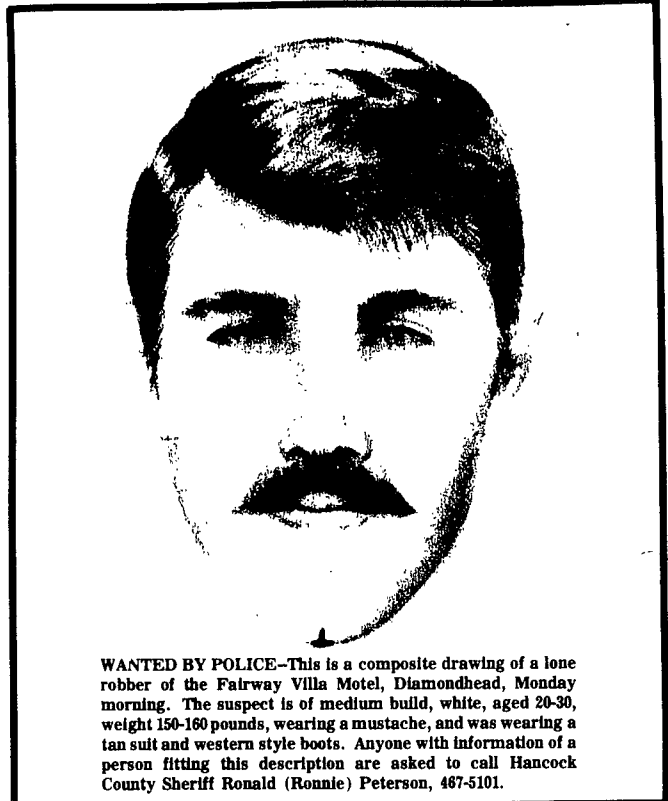

The group plans to visit the White House Thursday morning before departing for home around noon.

Mrs. Ethel Garcia returned Sunday from a three-week visit with her son-in-law and daughter Mr. and Mrs. James Domingue in Carencro, La.

Mr. and Mrs. Paul Scianna of Jackson and her parents Mr. and Mrs. C. T. McCalmon of Stanley, Kansas, visited Sunday with his parents Mr. and Mrs. Charles Scianna in Bay St. Louis.

Mrs. Stephen Scianna and son Steve of Pearland, Tex., have returned home after a visit with her parents Mr. and Mrs. Frank Langenbacker and family in Waveland and Mr. Scianna's parents Mr. and Mrs. Charles Scianna in Bay St. Louis.

**WANTED BY POLICE**—This is a composite drawing of a lone robber of the Fairway Villa Motel, Diamondhead, Monday morning. The suspect is of medium build, white, aged 20-30, weight 150-160 pounds, wearing a mustache, and was wearing a tan suit and western style boots. Anyone with information of a person fitting this description are asked to call Hancock County Sheriff Ronald (Ronnie) Peterson, 487-5101.

## Robbery..... CONTINUED FROM PAGE 1A

Mr. Ladner and Waveland Investigators Tartavouille and Henley, a composite of the suspect was drawn, police say.

The robbery was "well planned," according to the sheriff, who said it was pulled off by some person familiar with the operation of the facility.

"Ladner told us," Peterson said, "The man was real calm, knew what he was doing, and seemed very familiar with everything."

Copies of the composite are being transmitted to all law enforcement

agencies in the area, according to the sheriff.

"We have received several tips and are in the process of checking out every lead," Peterson commented late Wednesday.

"You know there was a big golf tournament over the weekend at Diamondhead, so much of the money was from receipts for the event," Peterson stated.

The suspect is listed as a white male, aged 20-30, about six feet, weight 150-160, medium build and wearing a mustache.

the committee coordinator explained.

"This is an ongoing project of school improvement where we look at the school program from all points of view. This evaluation is done between each 10-year state evaluation," Walker said.

"We try to get a diversity of people in public education on a 9-member committee with the majority of people coming from the Southern Association," Walker reported.

"We've been looking at all areas of school programs by looking at schools and the community. We check the philosophies and objectives of each school, the libraries, pupil services, staff and plant facilities," Walker explained.

"Our final report will be sent to the State Department of Education and to the Southern Association," Walker added.

"We are doing this interim report for both the state and the Southern Association, but we don't make accreditation decisions. Our committee points out good things as well as problems and we cite findings in our report," Walker said.

A two-member committee designated for each school in Hancock County will each write a report and I

will review the reports before they are combined into a formal countywide report," Walker explained.

"A final report should be completed in about two weeks," Walker added.

There were four visiting committees for Hancock County.

Charles B. Murphy Elementary School's committee consisted of Chairman Joe Reeves, Long Beach Municipal Separate School District superintendent of education and Carole Hobby, Pass Christian Middle School teacher.

Gulfview Elementary School's committee consisted of Chairman Linda Lee, Ocean Springs' East Elementary School principal and Donald Hillman, Orange Grove Middle School principal.

HNC Elementary School's committee consisted of Chairman Charles Powell, Poplarville Elementary School principal and Joseph Beach, Poplarville High School principal.

HNC Junior-Senior High School's committee consisted of Chairman Robert Magee, Bay High School principal and James Shippey, Harrison County School District federal coordinator.

vehicle they found the gas cap was off and in the suspicious looking vehicle found a small amount of marijuana.

"The deputies had an ownership check on the vehicle and waited until the owner appeared. After questioning, a search of the vehicle produced one pound of marijuana under the driver's seat on the floor board. A subsequent search of Geoffrey revealed a sub-

stance in his coat pocket we feel could be cocaine," Peterson added.

A preliminary hearing is set May 14 before Justice Court Judge Lee Klein.

Peterson reports that Investigator Alvin Ladner is continuing the investigation, adding, "We feel we could possibly make another arrest in this case."

# La. Sheriff's Posse names Bay man 'Pilot-of-the-Year'

William W. (Bill) Griffith Jr. of Bay St. Louis and Houma, La., has been named "Pilot-of-the-Year" by the Sheriff's Flying Posse, Terrebonne Parish, La.

Griffith, son of W. W. Griffith, Sr. and the late Mrs. Griffith of 227 Boardman Ave., Bay St. Louis, recently received

the aviation honor at the Annual Installation Banquet of the group in Houma.

During the ceremony he was also sworn in as Operations Officer by Hon. Judge Jude Fungay. Others similarly sworn were Gus Brown and Bubba Lapeyrouse, incoming commander and

Vice commander, respectively.

A charter pilot for Wurzel Flying Service of Houma, working primarily on off-shore oil rig flights, Griffith navigates the air space above the swamps and marshlands that cover approximately two thirds of Terrebonne Parish.

He and his fellow pilots, plus many aircraft owners, donate their time and equipment for emergency search and rescue work and have been responsible for saving lives and personal property throughout the low-lying Parish areas.

Griffith, in explaining the functions of the posse, said recently, "The swamp and marsh areas of Terrebonne Parish are constantly criss-crossed by hunters, fishermen, trappers, pleasure boaters, and oil field personnel."

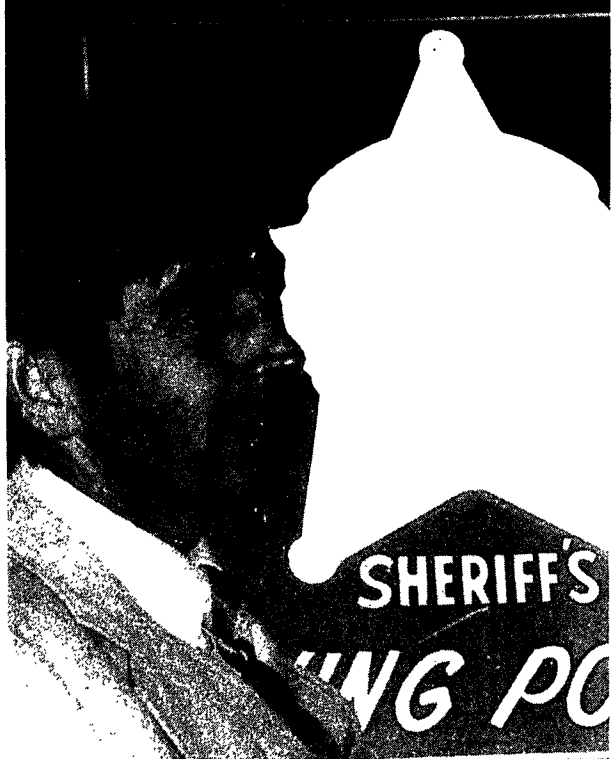

"Many of the off-shore rig people commute between their homes and jobs

via boat or aircraft and this area of Louisiana is really their highway," he continued.

"In the event of an incident involving missing persons, sea or air craft, hunting accident, or the like, the Sheriff's Flying Posse is called in to assist the search and rescue effort," Griffith added.

Griffith is married to the former Laura Piazza, daughter of Mr. and Mrs. Bernard J. Piazza of Washington St., Bay St. Louis. The couple have two children, Alicia 7, and Aimee, 3, and reside at 201 Ziegler Ave., Houma.

The 'Pilot-of-the-Year' commendation accompanying the award cites the Bay St. Louis native for his "outstanding devotion to the principles and aims of the Posse plus his many hours of service and accomplishments above and beyond the call of duty."

Airman First Class David J. Ducote, son of Jean B. Ducote of 475 Querens, Biloxi, Miss., has been named outstanding airman of the quarter at Goodfellow Air Force Base, San Angelo, Texas.

An electronic communications systems repairman, the airman was selected for professional skill, duty performance and exemplary behavior.

The airman is a 1976 graduate of Long Beach High School, Long Beach, Miss.

His wife, Anita, is the daughter of Mr. and Mrs. Floyd Curtiss of 104 S. Lang Ave., Long Beach.

## Frierson recuses case

# NASA asks \$1,600 for 400 stolen trees

By WAYNE DUCOMB JR.

The National Aeronautics and Space Administration agreed not to prosecute three men charged with theft of 400 live trees dug up from U.S. Government land in the northern portion of the National Space Technology Laboratories acoustic buffer zone.

It was agreed April 23 that Alton E. Morgan, 31; Eldon R. Thibodeaux, 39, both of Picayune; and Keith Lee, 21, of the Flat Top Community be required to pay the government \$1,600 restitution for the trees.

The three were arrested Jan. 31 by the Hancock County Sheriff's Department after an investigation by Investigators Delbert Seay and Alvin Ladner.

Seay reported, "They were digging up trees in the buffer zone and transporting them to Texas for sale."

Hancock Sheriff Ronald A. Peterson exhibited several photographs showing 10-15 foot trees which were excavated with roots and dirt then bundled and tied for removal.

The case was scheduled for trial by Justice Court Judge Horatio Frierson, but the District Two judge recused himself from the case and asked District One Justice Court Judge Lee Klien to try the case.

Klien said, "Frierson came to me with this case and all the paperwork. He wanted to recuse himself from the case, but I do not know why."

Frierson has been unavailable for comment since Friday.

Klien explained, "I have copies of three affidavits signed by NASA's Attorney Ed Ling and three recognizance bonds."

"I disposed of the case April 23," Klien added.

"When I called for the case, the three men charged, their attorneys and NASA's attorney asked if they could leave the courtroom," Klien reported.

The District One judge said Cornelius Ladner represented Thibodeaux, Mack Haas was the attorney for Morgan and Lee had no counsel.

"When they returned, the defendants said they would pay for the trees,"

## Memorial bloodbank dedicated

The blood bank at Memorial Hospital at Gulfport was dedicated as the Jimmie Dale Welch Memorial Blood Bank on Monday April 21 with a brief ceremony.

A plaque commemorating the dedication was unveiled by Welch's two daughters, Lyn and Tracy Welch. Participating in the Ceremonies were Shannon Waller, chairman of the Hospital's Board of Trustees; W. R. Burton, hospital administrator, and Dr. W.D. Atchison, Pathologist.

Following the unveiling, Burton presented Mrs. Niki Welch with a framed rubbing of the plaque. Other members

of the family present were Jim's mother Mrs. Willie Mae Matthews, his sister, Mrs. Bobbye Powell and his brother, Dr. Jerry Welch.

Welch worked at Memorial for 12 years as chief administrative technologist in the laboratory until his death from injuries sustained in a gunshot accident as he returned to Pearlport following a hunting trip last summer.

His many contributions to the laboratory and the hospital were cited during the ceremony.

Open house was held in the laboratory following the program with refreshments and tours of the lab.

## News Brief

More than 900 students and their advisors will attend the state Future Homemakers of America-Hero Economics Related Occupations (FHA-HERO) Leadership Meeting May 1-2 in Jackson at the Holiday Inn Downtown. The FHA-HERO student organization, which is sponsored by the Vocational and Technical Division of the State Department of Education, is designed to help students assume their roles in society through home economics education in areas of personal growth, family life, vocational preparation and community involvement. During the meeting workshops will be conducted on problems facing teenagers today, physical fitness and leadership. Scholarships and honorary memberships will be presented and the 1980-81 FHA-HERO officers will be installed during the last session of the meeting.

GARDEN ISLES FIRE-Waveland Fire Marshall Lee Ferrell, left, and Firefighter Jimmy Varnell help extinguish a grass fire which threatened two structures on Skyline Drive in the Garden Isles area Monday morning. Waveland Fire Chief Kenneth Fayard said the blaze apparently started in a mattress in front of a camp belonging to Bruce McMahon and spread through lots belonging to James May Sr. and Roy Vortison, who were all away at the time of the fire. The May structure had minor damage from the blaze, Fayard said. Bay St. Louis, Waveland, East Hancock, Diamondhead and Clermont Harbor Fire Departments responded to the blaze. Lasagna for one can be easy...as well as delicious.

Have you ever wished you could have lasagna at home, but there was no time to make a big panful with layers of luscious cheeses and pasta? Wish no more. Small households can have tempting lasagna anytime.

Swanson has solved it all, with their single serving frozen delight, Main Course Lasagna with Meat in Tomato Sauce. And it's ready in minutes!

This convenient single-serving lasagna is packaged in a heat 'n serve paper tray that's suitable for either the microwave or a conventional oven, so there's no work at all. It's a delicious combination of lasagna noodles, three kinds of cheese, ground beef, tomatoes.

**HNC DRAFTING TEACHER EXPLAINS**—Ronnie Burks of Gulfport, Hancock North Central High School drafting teacher explains to County School Board members the process for completion of a mechanical drawing. Some 18 first and second year program drafting students appeared at a Monday morning recess school board meeting to show their mechanical drawings and detailed house plans they produced during the school year. Burks said once a year his classes show the board what they have done during the year.

GCJC increases  
tuition costs

Gulf Coast Junior College's  
board of trustees Wednesday  
voted to raise tuition \$25 a  
semester for full-time  
students and \$3 per credit hour  
for those part-time.

Effective beginning the  
summer session students will  
pay \$177 a semester as op-  
posed to the current \$152 and  
part-time students will pay \$21  
per credit hour.

In a report to the board the  
administration said due to  
"rapidly escalating costs and  
personnel salary increases" the  
raise was needed. GCJC  
President J.J. Hayden Jr. said  
the increase "is estimated to  
bring an additional \$334,000  
for college operations."

"However, we anticipate  
overall increases in  
operational costs to be close to  
\$500,000. So the \$334,000 will  
not pay for all of our costs.  
We're in a position to cut out  
\$150,000 to \$170,000 from the  
present budget."

The board also voted to  
hedge foreign students \$1500  
a year. Hayden said it costs

\$1950 to educate each student  
on a nine month basis. Of that  
total about \$1450 is paid from  
local and state funds and the  
rest is from federal sources.

**FOLK STRUCTURES** - The Frank Foster Home, near Hickory Flat, Mississippi is included in "Mississippi Folk Structures," a photographic exhibit by William R. Ferris. Being circulated by the Mississippi Department of Archives and History, the photographs will be on exhibit at the City-County Library in Bay St. Louis through May 20th.

## Pass fleet blessing slated this weekend

May is festival time in Mississippi. Visitors and Mississippians alike can pick any weekend in the month and find a celebration or some sort going on somewhere in the state.

Pascagoula and Moss Point have their annual Arts and Crafts Fair scheduled for May 14 at Beach Park. On the

other end of the Coast in Pass Christian there's the Blessing of the Fleet May 3-4. Way up north, the Natchez Trace Visitors Center in Tupelo will have artists in the park on May 3.

Traffic on I-55 will be heavy on Thursday, May 8, when folks head to Canton for the famous flea market. Beginning May 9 in

Columbia is Celebration South, a three-day festival with square dancing, a tractor pull, pancake breakfast, Conway Twitty concert and much more. Special guest for the Celebration South parade on Friday will be Miss USA Mary Therese Friel.

Saturday, May 10, is Laurel's Day in the Park and Greenville's Mainstream Arts

and Crafts Festival. The popular Gum Tree Festival in Tupelo is scheduled for May 10-11.

Kilmichael will host the Big Black Arts and Crafts Jubilee May 17 while Gloster stages a flea market on Main Street.

Then there's "A Fair" in Hernando on May 20 featuring a crafts show. The annual Arts and Crafts Festival in Calhoun City's town square is May 24.

The week long Jimmie Rodgers Festival in Meridian begins May 25. It's seven days of pickin', grinnin' and stompin' when participants honor "the father of country music."

Memorial Day weekend will feature the Daylily Tour in Osyka and the Atwood Bluegrass Festival at the water park in Monticello. Pearl River Basin and Development District authorities warn the Bluegrass festival may be cancelled due to Pearl River flood waters.

Music, crafts, delicious food and a downright good time are part of May in Mississippi. Don't miss it.

pointment to the United States Naval Academy in Annapolis, Maryland.

Yarborough is completing his sixth year at St. Stanislaus, and he is the son of Mr. and Mrs. Lawrence Yarborough of Pass Christian.

He is an alpha honor roll student, a member of the

National Honor Society and a member of the Spanish Honor Society.

He was named the school's Star Student for 1980, and he placed in the top 10 percent in mathematics and in the top 3 percent in chemistry at the State Science and Math Tournament.

## Area students honored at USA

Nancye W. Johnson from Bay St. Louis and Harriet A. Lynch from Waveland have received scholastic honors at the University of Alabama, announced USA President Frederick P. Whiddon.

Johnson is included on the President's Scholars List for achieving the perfect grade-point average of 4.0 during the winter quarter. While Lynch was listed on the Dean's List for having made an average of 3.6 or above.

## Collins, Yarborough named SSC valedictorian, salutatorian

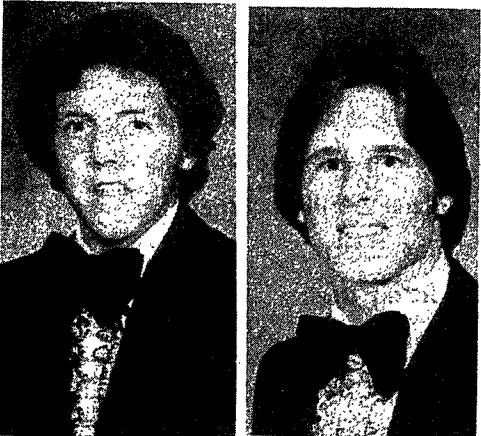

James Collins has been named valedictorian and Lawrence Yarborough has been named salutatorian of the 126th graduating class of St. Stanislaus High School in Bay St. Louis, according to Brother Eddar Crifasi, S.C., Principal.

Commencement exercises will take place on Saturday, May 10, 1980, at 11 a.m. in Our Lady of the Gulf Catholic Church.

Collins, the son of Mr. and Mrs. James J. Collins of Bay

St. Louis, Mississippi, is completing his sixth year at St. Stanislaus. He is an alpha honor roll student and is president of the National Honor Society at St. Stanislaus.

He is a member of the yearbook staff, the tennis team and the Spanish Honor Society. In the State Science and Math Tournament he scored in the top 10 percent of the state in mathematics. He has received an ap-

## Black architecture exhibit displayed at City Library

"Folk Structures: A Sampling of Mississippi Black Architecture," a photographic study by William R. Ferris, will open at the City-County Library in Bay St. Louis today.

The exhibit includes photographs of stores, barns, churches and homes in the Mississippi Delta. The exhibit will hang through May 20th.

"Folk Structures" is one of

six exhibits currently being circulated by the Mississippi State Historical Museum.

Patti Black, Museum Director, designed the exhibit. For the past two years the folk architecture exhibit has traveled throughout the United States under the auspices of the Smithsonian Institution.

According to William Ferris, "Folk architecture is

the study of traditional structures which are built by craftsmen with no formal training in architecture. Like other areas of our country, we have neglected folk architecture which housed most of our state's inhabitants."

Ferris, a native of Warren County, is professor of Afro-American Studies at Yale University and director of the Center for Southern Folklore in Memphis. When he was a student at Davidson College in the 1960's, his interest in folklore began.

Admission to the exhibit is free and open to the public during regular library hours.

## Area VFW heads to attend confab

The District One Convention of the Veterans of Foreign Wars and its Auxiliaries will be held May 3 and 4 at the Ramada Inn, Long Beach.

The convention was an-

nounced by Allie Moreau, convention chairman, who reports all past district presidents will be honored with a tea at 1 p.m. Saturday.

The election and installation of officers for the coming year will be held on Sunday.

Lucille Boudreaux, president of Theodore S. Price Auxiliary 3253 and Harris Boudreaux, membership chairman of the local post plan on attending the convention.

Anyone wishing further information can call Ms. Boudreaux at 467-4974.

## Brief

DEAF TO APPEAR ON ETV

A class of eight to ten year old students from the Mississippi School for the Deaf will participate in the program "Access" to be aired on Mississippi Educational Television Network, Sunday, May 4, at 12:00 noon. "Anand Kumar Michael's special magic with paper and the deaf child's innate appreciation of the visual arts join to make the perfect combination--a talented artist and an enrapt audience," states Jack Schweitzer, host of the program. "We wanted to provide Mr. Michael just the right kind of audience for this special talent--an audience which would respond with total delight to the ancient art of 'paper craft'.

## LEGAL NOTICE

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BAY ST. LOUIS DECLARING THAT IT IS NECESSARY FOR THE PUBLIC GOOD TO PROPERLY GRADE AND DRAIN, TO LAY THE NECESSARY WATER MAINS, AND TO OTHERWISE IMPROVE CERTAIN STREETS, AVENUES, OR PARTS THEREOF IN THE CITY OF BAY ST. LOUIS AND TO DETERMINE HOW THE COSTS THEREOF SHALL BE PAID AND AS TO WHETHER A PART OF THE COSTS SHALL BE ASSESSED AGAINST THE BENEFITED PROPERTY ABUTTING ON AND ALONG THE SAID SEVERAL STREETS AND AVENUES OR PARTS THEREOF IN ACCORDANCE WITH THE PROVISIONS OF SECTION 21-41-1 THROUGH SECTION 21-41-53 AS PROVIDED BY THE LAWS OF THE STATE OF MISSISSIPPI OF 1972 ANNOTATED, AND TO ISSUE THE OBLIGATIONS OF THE SAID CITY OF BAY ST. LOUIS TO RAISE MONEY NECESSARY TO PAY FOR SUCH PART OF SAID IMPROVEMENTS AS MAY NOT BE PAID BY THE PROPERTY OWNERS IN CASH.

WHEREAS, in the judgment of the City Council, it is necessary for the public good to construct, to properly grade and drain, to lay the necessary water mains, and to otherwise improve certain streets and avenues, or parts thereof in the City of Bay St. Louis, said improvements to be made on the following streets and avenues, to-wit:

Street Name-Blue Meadow Road - Terminal Point - Green Meadow Road to U.S. Hwy. 90. Street Name- U.S. Hwy 90 (north side) - Terminal Point - Blue Meadow Road and Washington St. and

WHEREAS, the cost of said improvement is in excess of the ordinary revenues of the City of Bay St. Louis; therefore,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BAY ST. LOUIS:

SECTION 1. That in accordance with the power and authority vested in it by Section 21-41-1 through Section 21-41-53 of the Mississippi Code of 1972, as amended, the City Council does hereby declare that it is necessary for the public good, and that it is the purpose and intention of the City Council to properly grade and drain, to lay the necessary water mains, and to otherwise improve certain streets, avenues, or parts thereof in the City of Bay St. Louis and to assess a part of the total cost of the construction and grading against the property abutting on and along the said streets and avenues in accordance with the provisions of the Laws of Mississippi of 1972 as amended; said assessment to be paid in cash or in annual installments with interest thereon at the rate of not exceeding six (6 percent) percent per annum, payable annually, as provided by said Laws of Mississippi of 1972.

SECTION 2. That in order to pay for said improvements the City Council of the City of Bay St. Louis does hereby declare its intention to use monies now existing in the Utility Fund of the City of Bay St. Louis and said amount not to exceed the entire cost of said improvements.

SECTION 3. That the City Council of the said City will meet in Council Chambers of the City Hall of said City at 5:00 p.m., in the Council meeting room of City Hall on the 19th day of May, 1980, and all persons owning property abutting on any of said streets hereby are notified to appear before the City Council at the time and place aforesaid, either in person or by attorney or by written petition of protest, as provided by said Laws of Mississippi of 1972, as amended; that at the time and place aforesaid the City Council will hear and consider all objections and protests that may be made against the making of said improvements and will determine whether or not the said improvements shall be made either in whole or in part, and how the costs thereof shall be paid and will determine as to whether a part of the cost shall be assessed against the abutting property to be benefited.

SECTION 4. That the City Council has already adopted plans and specifications for the making of said improvements on and along the said

streets in said City, which said plans and specifications are now on file in the office of the City Clerk and may be seen by any person or persons interested on application to him.

SECTION 5. That this resolution be published once each week for three (3) successive publications in a public newspaper having a general circulation in the City of Bay St. Louis and the City Clerk is hereby directed to give notice to the owners of such abutting property by certified mail as is provided by law. After being reduced to writing, the foregoing Resolution was read and considered, section by section, and then as a whole, whereupon Councilman Benvenuti moved its adoption and after second by Councilman Thriftley the following roll call vote was had:

Voting Yes: Councilmen Benvenuti, Farve, Thriftley, Seymour and Wagner.

Voting Nay: None.

Whereupon President Benvenuti declared the foregoing Resolution adopted unanimously by the City Council of the City of Bay St. Louis, Mississippi this April 22, 1980.

### When moving remember to change address with post office

If you're one of the estimated 36 million persons who plan to move their residence this year, you should begin notifying everyone who regularly sends you mail at least one full month before you move.

That's the advice from Bay St. Louis Postmaster Tom Hill, who suggests you file change-of-address forms with your post office and send them to correspondents and publishers.

The Postal Service offers free Change-of-Address Kits to make it easier to notify everyone. Available in post offices and from letter carriers, the kits include convenient postcards to alert the postmaster and for mailing to department stores, friends and relatives, utility companies, banks, newspaper

and magazine publishers and others who do business with the family planning a move. "Too often people who are moving wait until the last minute to notify their correspondents," said Postmaster Hill. "The result is they add up to several days to their First-Class Mail delivery because it must be forwarded to the new address," he added.

Those who fail to give publishers at least a month advance notice must either pay additional postage for forwarding, if desired, or wait several weeks before the publisher changes the address.

This means customers may miss one or more issues of their favorite magazine. "Customers should also remember to include their account number when

### Bay High French Club visits art museum

Approximately fifty members of the Bay Senior High French Club recently traveled to the New Orleans Museum of Art. All the students had studied the history of art in France and were impressed to see in the museum's collections many paintings by artists with whose work they were familiar.

While the displays of modern art aroused interest and incredulity, unquestioned favorites were the canvases of the French Impressionists, notably Monet, Corot, and Degas.

The only disappointment expressed was that the collections included no works of Van Gogh or Fragonard.

Seniors taking part in the trip were Anna diBenedetto, Cheryl Carlson, Julia Payne, Nancy Cuevas, Roxanne Andry, Teresa Brown, Tina Ladner, Angie Necaise, Leanne Mallini, Mike Moore, Tammy Favre, Marie Mercadal, Schrell Necaise, Michelle Romine, Danita Scianna, Debbie Skelton, and Scott Mosby.

Juniors attending were Rachelle Cuevas, Joanna Poyadou, Tracy Ladner, Pattie Faciane, Scott Sauder, Rita Koenig, Martha Smith, Ellen Lynch, Kelly Paul, Mark Smith, Beverly Sharp, Oren Bounds, Robin Morel, Terri Christensen, Christy

## Four local soccer teams to compete in state

By JOHN HELMERS

Area Soccer Coordinator  
With the baseball season just kicking, the soccer season is winding up for four Bay St. Louis area teams who have been selected to compete in the "extended season."

The "extended season" these Bay St. Louis soccer teams are preparing for is the state tournament of the Mississippi Soccer Association. It is being held this year in Gulfport on May 10-11 and is being hosted by the South Mississippi Soccer Club.

The four teams who will represent the Bay St. Louis area are the Mullets in the Under 8 age division, the Scrappers in the Under 10 division, the Cobras in the Under 12 division, and the Red Devils in the Under 14 division.

The Under 8 Mullets won their division of the South Mississippi Soccer Club with a record of 5 wins and 1 tie in six games. While rolling to an

undefeated season, the Mullets scored a total of 20 goals while limiting their opponents to only 6 goals scored.

Top scorers for the Mullets were Trey Kidd and Larry Ladner. They received good support from halfbacks Brian Martin, Andrew Wright, and Tommy O'Brien.

The key to the defense was David LeGros who was outstanding in the goal. David stopped several penalty kicks, and made numerous spectacular saves to thwart numerous opposition scoring chances.

Occasionally David was outstanding in another respect. In two games he handled no shots on the goal from the opposing team.

"There is no one secret for our success," commented Mullet coach Ted Holmes.

"But generally we controlled the ball most of the time in most of the games we played. Sometimes that left our goalie with nothing to do but watch

the game."

"The whole team really tried hard throughout the entire season," he added. "They hustled in the final quarters just like at the start of the game."

If there is a Cinderella team that will be playing in the state soccer tournament, the Scrappers in the Under 10 age division are it. Coaches Dusty Rhodes and Jean Larroux Jr. put together the Scrappers from a collection of first year soccer players.

And scrap they did! Although lean on experience, they out-hustled their opponents and capitalized on their aggressiveness--as witnessed by one 10-0 pasting they handed an opponent.

"Soccer was new to all the boys and their aggressive team play was the key to our being in every game," said Coach Dusty Rhodes.

The Scrappers finished with a record of four wins, one loss, and three ties as they finished in second place in their half of

the Under 10 age division.

The Scrappers combined balanced scoring with several fine defensive performances. Shane Kowalski, Scott Necaise, Keith Ott, and Brad Rutledge each accounted for three goals during the season, while Jean Larroux, Brent Lusich and Scott Stratdner each added two goals apiece.

Tough and stingy defense played by fullbacks Steve Cuevas, Rocky Rhodes, with assists from retreating halfbacks and wings, and goalie Noah Hollis stopping several penalty kicks allowed the Scrappers to limit opponents to only 5 goals during the regular season.

"A lot of the players did exceptional jobs in their initial season of soccer," stated coach Larroux.

"Thinking, not just reacting, using their heads," is the way Fred Bowles, coach of the Under 12 Cobras put it.

"This was the second year most of the players on this

## SSC-OLA netters win record trophies

St. Stanislaus and Our Lady's Academy tennis teams won an unprecedented seven trophies in the Coast Invitational Tennis Tournament held at Hiller Park in Biloxi, April 19.

Pat Wild of St. Stanislaus won the boys singles championship by defeating Glenn Weachter of Biloxi 6-4, 7-6, 5-4 in the finals. Wild had victories over Ricky Figueroa of Pascagoula 6-1, 6-4 in the quarter-finals and Steve Olson 6-3, 6-1 of Ocean Springs in the semi-finals.

David McDonnell and Rowe Crowder of St. Stanislaus won the boys doubles championship. Their 6-0, 6-0 victory over Brett Williams and Wayne Clark of Pascagoula in the finals was the biggest surprise of the tournament.

To get to the finals, McDonnell and Crowder defeated Vince Pachel and Terry

Parsons of Stone 6-3, 7-5 in the semi-finals and they defeated John Price and Keith Mitchell of Gulfport 6-4, 7-5 in the quarter-finals.

Leslie and Kim Furman of Our Lady's Academy defeated Kendal Smith and Patty Palmer of Pascagoula 6-0, 6-1 to win the girls doubles championship. Earlier they had split sets with Gulfport's girls doubles in the semi-finals.

The Furman sisters lost the first set 3-6 to Kathy Steube and Lynette Beach of Gulfport, but came back taking the next two sets 6-3, 6-4. In the second round they defeated Cindy Johnson and Sandra Pierce of Long Beach 6-1, 6-2.

Rachel Gex of OLA and Jimmy Collins of SSC teamed up to win the mixed doubles championship. In their first match they won over Kim

Koury and Tommy Ranson of St. John 6-3, 6-3. Pascagoula's mixed doubles team of Mary Leigh Coker and Brad Gaines won the first set 6-4 but Gex and Collins took the next two 6-3, 7-5 to win the semi-finals.

Susie Holmes and Ken Weathersby of Long Beach got to the finals by defeating Holly Cox and Joel Vernon of Stone, but Gex and Collins defeated them in the finals 6-1 and 6-3.

Lori Laney of Pascagoula won the girls singles championship. She defeated Dawn Grady of Long Beach 6-3 and 6-4. In the semi-finals Laney defeated Colette Duaro of St. John 6-2, 6-1.

Dawn Grady of Long Beach was on the court against various opponents for the longest time of all the players in the tournament. She defeated Mary Metzger of Biloxi 8-1 in a match that began at 8 a.m. After a half

hour rest she began a marathon match with Kathleen Martin of Bay High.

Grady won 4-6, 7-6, 6-3. In the semi-finals she defeated Wanda Beach of Gulfport 6-1, 3-6, 6-2.

With Grady's loss in the finals to Laney ending at 4:30, and with only a half-hour rest between her many matches, her playing time came close to six and a half hours.

Thirteen schools along the Mississippi Gulf Coast participated in the annual Invitational tennis tournament sponsored by the tennis coaches of District 8.

The most trophies won by a single school before this year's tournament was three. There are eight trophies presented each year to the winners in boys singles, girls singles, boys doubles, girls doubles and mixed doubles.

### DIAMOND DOINGS

Cincinnati pitcher Joe Nuxhall was the youngest player ever on a major league roster. He joined the Reds in 1944 when he was 15 years old.

In 1976, shortstop Toby Harrah played a double-header for the Texas Rangers during which he had no putouts, assists, or fielding plays.

Don Larsen pitched the only perfect game in World Series history when the New York Yankees beat the Brooklyn Dodgers 2-0, October 8, 1956.

Ron Hunt, former National League infielder, holds the record for being hit by pitched balls. According to A-T-O Inc.'s Rawlings Sporting Goods Company, manufacturers of official American and National League baseballs, Hunt was hit 243 times in his career.

team played together, and it showed in much better passing than last year." The Cobras stung the opposition for 5 wins while losing only once in six games. The Cobras scored 15 goals and held their opponents to just seven goals.

Jay Artigues was the leading scorer for the Cobras, receiving scoring help from Scott Demboski and Sean Foreman, as they mounted a strong offense which controlled the ball and kept pressure on the Cobras opposition.

The Cobras offense received good support from halfbacks Josh Bowles and Roy Golman at halfback, Hunt Caraway and Chris Maryfield at fullback, and especially from goal keeper Travis Foreman. Unfortunately Roy Golman will be lost to the Cobras in the state soccer tournament because of a broken collar bone.

Coach Bowles tabbed fullback Michael Neely as the Cobras' most improved player.

If there are 'pros from Dover' in the state soccer tournament, the Red Devils fit the description. The Red Devils are in the tournament for the second time in two years.

Last year the Red Devils competed in the Under 12 division in the South Mississippi Soccer Club, won the division, and lost out in the quarter final round of the state soccer tournament in Starkville.

To a nucleus of eight players from that team, the Red Devils added seven players. And competing in the next older age division, the Under 14 division, finished in second place with a record of 3 wins, 2 ties, and 1 loss.

Shane Foreman scored 23 goals and Kenny Sharp pumped in 21 to give the Red Devils a double 'deadly' offensive attack that found opponents nets 63 times in 11 games.

Goal Keeper Matt Rosetti anchored a solid defense which included fullbacks Chris Kolodziej, Don Pitalo, Mike Doyle, and halfback Tom Walton. The defense allowed only 15 goals to provide the Red Devils with a superb ratio of 4.5 goals scored per game to slightly over one goal a game allowed.

WHITNEY JOHNSTON, a varsity cheerleader for St. Stanislaus High School, has been selected as varsity cheerleader for Mississippi Gulf Coast Junior College, in Perkinston. She was chosen at a special tryout conducted recently at the college. Whitney is the daughter of Mr. and Mrs. Huey Johnston of Bay St. Louis.

## Chess Points

### U.S. player sets records in interzonal

By ROSS WILLIAMS  
Copley News Service

Diane Savereide of California beat the top three Soviet finishers. Akmylovskaya, Gurieli, and Litinskaya, in the 1979 women's interzonal in Alicante, Spain, achieving a plus score against five Soviet players in the tourney. She finished 5th, one point away from the score needed to earn a position in the 1980 candidates matches.

Since the Soviets first entered women's world championship competition in 1949, no other American woman has ever had a plus score against Soviet players or finished anywhere near that high in candidates or interzonal tourneys.

Savereide learned to play chess in 1971 when she was 17. That same year she won the trophy for "best girl" in her first major tourney, the American Open in Santa Monica, and brushed shoulders with Walter Browne, Larry Evans and Anthony Saldi, among other U.S.

chess stars. She became a first category player in 1974, and in 1975 she won the U.S. women's championship and world championship zonal tourney. With that result, she became, at age 20, America's 5th international woman master.

Savereide won the U.S. women's championship again in 1976 and she shared the title in 1978, another zonal year, with Rachel Croto of New York.

THINK FIRST OF THE FISH

Too many fishermen buy a new rod and reel by the pound rather than selecting it for the fishing they have in mind. The glitter of a new product is difficult to resist, and although it may look great, too often the tackle weighs more than the fish it catches.

When this happens most of the fun in fishing is lost. That's the opinion of the anglers on Mercury outboards' outdoor recreation staff who suggest you think of the fish first when buying any new rod and reel.

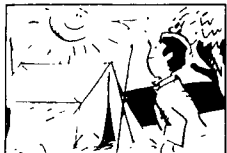

If bass are your favorite fish, for example, then look for tackle specifically designed for bass angling.

Consider the kind of water in which you'll be fishing. If it's a lake, is it full of tree tops, brush and snags?

If so you'll want a stiff rod to horse the fish away from all the underwater debris.

And in this type of situation choose a multiplying reel that offers the highest possible ratio

**IT'S A BASS**

Graeme Hurry of Coventry, England, was in no big hurry to call it a day-or night after camping out. On June 19, 1978, he completed four years of sleeping under the stars and eclipsed his own world record set exactly three years earlier.

Long-term campers, hobbyists and collectors are finding a handy help in boilable, freezable special cooking pouches that you can seal yourself with a special appliance. This small yet versatile Seal-A-Meal system from Dazey comes with its own recipe and instruction book.

of line retrieved per turn of the reel handle. Stream fishermen working from a boat for bass don't need tackle as tough as lake anglers use simply because the fish don't grow as large, and the brush isn't as bad.

Also, lighter gear can be used to take bluegill and other sunfish, thereby increasing the enjoyment you get from the tackle you've bought.

Anglers who prefer bank fishing in small ponds and lakes can best enjoy the action by using a medium-action rod and a spin-casting reel.

Take a tip from the experts and match the tackle you use with the kind, size and locale of the fish you most often catch.

You'll find more action and more fun in your fishing.

DON'T HATE CARP

There's no doubt that many fishermen have bad feelings toward carp.

These widely distributed fish are accused of misbehavior wherever anglers gather. Yet there are fishermen who swear nothing beats carp when it comes to action on light tackle.

According to biologists, carp don't deserve the contempt given them by fishermen. Certainly, they say, carp do have some bad habits, mostly related to feeding and spawning.

A commonly heard tale about carp is that they eat fish eggs.

This was disproved in a study reported to Mercury outboards' fishing department in which carp stomachs were analyzed over a five-year period.

In the nearly 600 fish examined, not one egg was found, gametfish or otherwise.

A popular carp fishing method is to bait an area for several days ahead of when you intend to fish.

This is done by placing three or four pounds of cottonseed cake in a mesh bag and sinking it where you will be fishing.

The technique is simple.

Bait a #2 short shank, straight eye, straight barb hook with a doughball.

Cast it near the bait bag and wait for action. Don't use a weight.

The following doughball recipe is one the Mercury an-

glers like to use for carp: 1 cup yellow cornmeal, 1 cup flour, 1 teaspoon sugar, 1 quart water, 1 cup molasses.

Mix flour, sugar and cornmeal with enough water to form heavy dough. Roll into balls one inch through. Stir rest of water and molasses and bring to a boil.

Drop in several doughballs and cook two to three minutes.
